

This sign regulates that:

Vehicles should give precedence to all cross traffic

Vehicles should give precedence to traffic oncoming from the road on the right

Vehicles should give precedence to traffic coming from the left

What must you do before you change direction?

Signal my intention before acting and see that the road is clear before changing direction

Signal my intention when turning left only

Signal my intention when turning right only

What time should persons driving on the road switch on their headlights?

Any convenient time

Between 5:30pm and 6:30am

Between 5:30am and 6:30pm

At a rail level crossing with open booms a driver should

Look both sides and cross

Quickly cross the railway

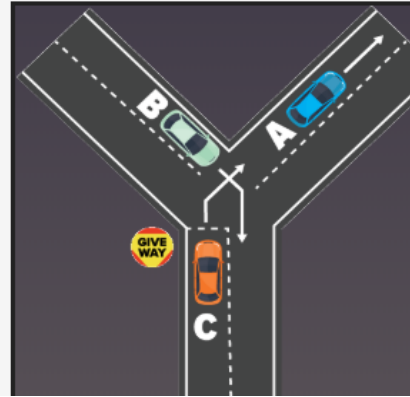

Stop and look to the right

Which car gives right of way?

Car A

Car B

Car C

The law says when driving a motor vehicle at 6.00am the vehicle must have its headlights lit:

Depends on day light

No

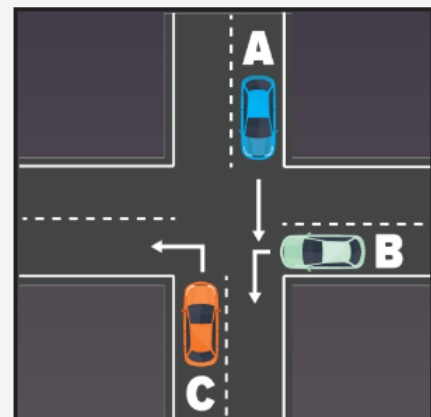

Yes

Which car goes last?

Car A

Car B

Car C

A vehicle turning right should

Give way to oncoming traffic

Give way to pedestrians standing on the pavement.

Give way to window shopping pedestrians

If you are dazzled by the light of other vehicle, what must you do?

Dip, get out of the way and slow down

Increase your speed

Retaliate

When a fire engine, ambulance or police vehicle approaches sounding its special warning device, what do you do?

Move as fast as possible

Move out of its course and stop

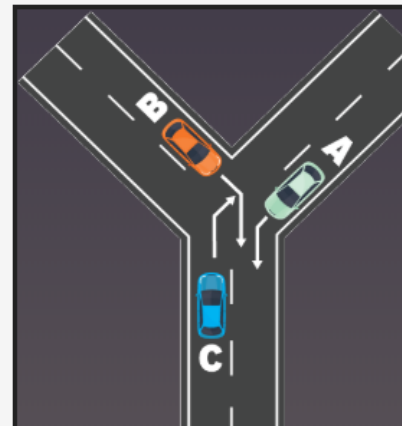

Move slowly on the left side

Which car goes last?

Car A

Car B

Car C

In a traffic circle, I shall indicate:

When going in

When going out

When making a 'U' turn

All vehicles shall have:

Either red or white reflectors in front

Red reflectors in front

White reflectors in front

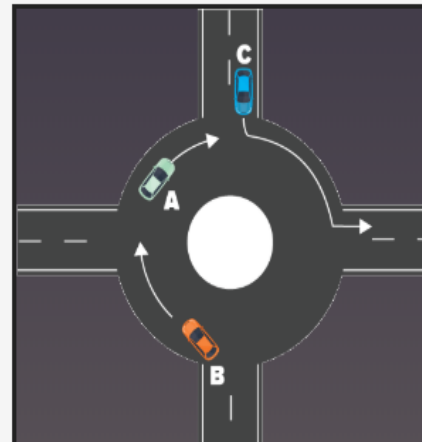

Which car goes last?

Car A

Car B

Car C

When traveling at 60km/h, what distance should you leave between your vehicle and the vehicle in front?

4 vehicle lengths

5 vehicle lengths

6 vehicle lengths

The purpose of the parking brake is to

Keep the vehicle stationary

Keep the vehicle stationary on a gradient only

Slow the vehicle down

What is the legal maximum speed on a Zimbabwean Highway?

120km/h for all vehicles

120km/h for light vehicles and 80km/h for heavy vehicles

Between 80 and 120 km/h on all roads.

When I intend to stop on the road I must:

Flash my hazard lights

Slow down and stop

Slow down, check the rear view mirror and stop

When you are driving and feel sleepy, what must you do?

Maintain a high speed

Maintain a slow speed

Move off the road and rest

When in a straight ahead lane at an intersection I am not allowed to:

Turn at all

Turn without checking blind spots

Turn without indicating

At a narrow bridge, I am not allowed to:

Dip my lights even for oncoming vehicles

Overtake slow moving vehicles

Slow down and check the road ahead

A speed restriction sign means:

Do not exceed the stated speed

Drive below the stated speed

Watch out for the police

When travelling at 75km/h I must leave a gap of:

Five vehicle lengths

Four vehicle lengths.

Seven vehicle lengths

This sign regulates:

Speed restriction

Time restriction

Weight restriction

At a pedestrian cross every driver must

Hoot when it is his turn to go

Wait patiently and proceed when appropriate

Wave the pedestrians through

When stopping a motor vehicle on a road except in traffic, where will you stop?

On the extreme left of the road or in an authorized parking place

On the extreme right of the road

Stop in the middle if it is safe to do so

This sign regulates that:

Cyclists should stop and give way to cross traffic

Stop and give way to cyclists from the right

Vehicles should give right of way to cyclists

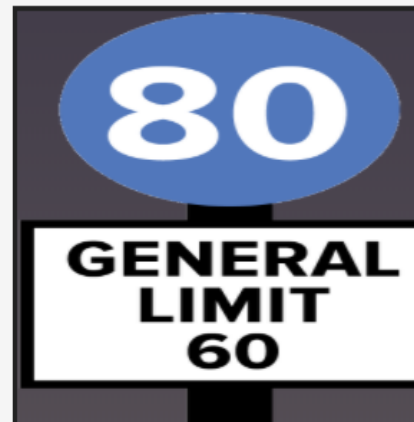

Warning reflective 'T' plate signs are fitted on a

Drawing motor vehicle

Towed broken down motor vehicle

Towed trailer

The lane you are travelling in suddenly end, in the setup below

Road has been temporarily narrowed to the centre

Road has been temporarily narrowed to the left

Road has been temporarily narrowed to the right

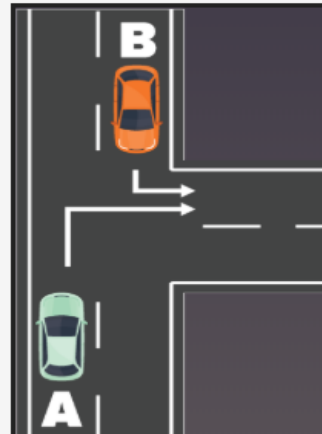

In an urban area, which car has the right of way?

Car A

Car B

The one which enters the intersection first

Passengers disembarking from a bus should:

Cross from whichever side is safe

Cross the road from rear or front of the bus

Wait until the bus takes off and then cross the road

The sign warns of:

Cross road ahead

Give way sign or stop sign ahead

Rail and level crossing ahead.

This sign is a:

Danger warning sign.

An informative sign

A regulatory sign

The insignia of a detour ahead warning sign is inside a

A rectangle

A triangle

A circle

When approaching this sign I would:

Be expected to check my vehicle

Expect to see road works ahead

Slow down and expect to be stopped

The sign warns of:

Presence of children ahead

Presence of friends crossing ahead

Presence of people crossing the road ahead

A vehicle should be fitted with efficient reflectors of what colour?

Amber at the front and red at the back

White at the front and amber at the back

White at the front and red at the back

The sign warns of:

All kinds of animals crossing

Presence of wild animals crossing ☒

Stray domestic animals crossing

Who is required to wear a crash helmet?

Cyclists only

Motor cyclists only

Both of the above ☒

When parked on such an incline:

Engage high gear and turn steering wheel towards the curb

Engage lower gear, apply handbrake

Engage reverse, apply handbrake ☒

At this sign I should:

Slow down and give way to cross traffic

Slow down and proceed if there is no traffic ☒

Stop and proceed when the road is clear on both sides.

A driving school vehicle must have the following documents:

'L-plates' and driving instructor certificate

Certificate of fitness and comprehensive vehicle insurance

Dual brakes and vehicle licence.

At what age are cyclists not allowed to carry passengers?

50 years

Over 18 years

Under 16 years

This sign regulates that

Give right of way to motor cyclist

Motor cycles without a pillion seat prohibited

Motor cyclist prohibited

Which is a possible sequence of a robot?

Amber, Green, Red , filter arrow

Green, Red, filter arrow

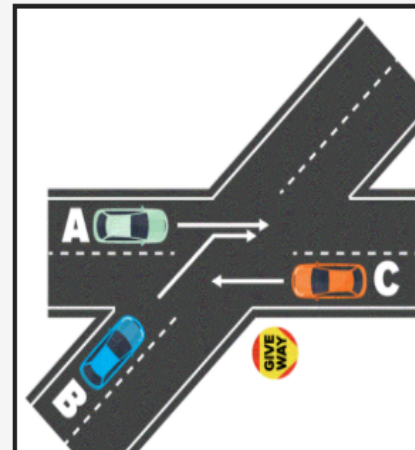

Red, filter arrow, Green, Amber

Which car goes first?

Car A

Car B

Car C

This sign warns us of:

A grid ahead

Physical barrier ahead

Rail level crossing ahead

When approaching a flooded bridge what do you do?

Do not attempt to cross

Engage low gear and proceed slowly

You can cross only when driving a heavy vehicle

What is the meaning of this sign?

Soccer match

Stadium ahead

Warning presence of athletes

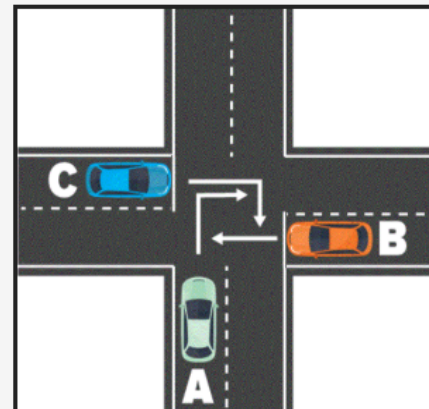

Which car moves second at this intersection?

Car A

Car B

Car C

This sign indicates?

Dip or ridge ahead

Hump ahead

Mountains ahead

A solid yellow line on the left hand side of the road indicates:

It may be straddled to overtake cyclists

It may be straddled to overtake traffic which is turning right

It may not be straddled

The insignia of a warning sign is:

A rectangle

A triangle

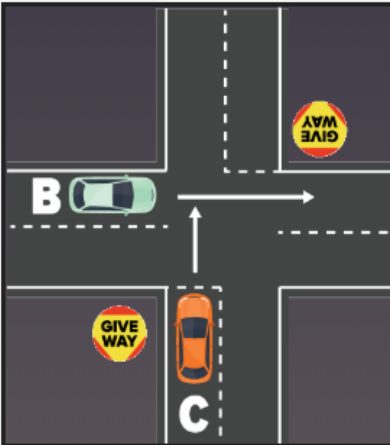

A circle

Which car is breaking the law assuming vehicles are moving?

Car A

Car B

Car C

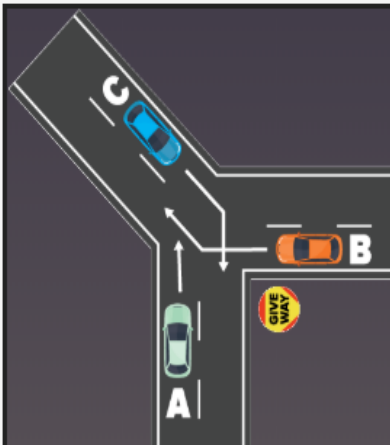

Which car goes last?

Car A

Car B

Car C

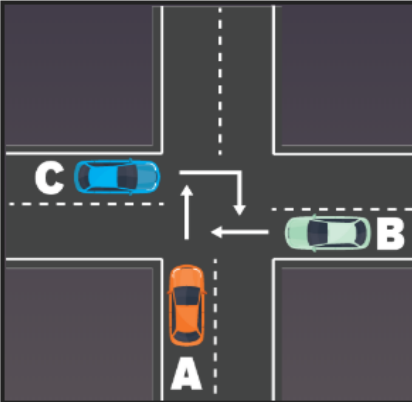

Which car moves last at this intersection?

Car A

Car B

Car C

This sign indicates?

Danger of farm animals

Danger of stray animals

Danger of wild animals

When traveling at 90km/h I must leave a gap of:

Five vehicle lengths

Seven vehicle lengths

Six vehicle lengths

This sign means that:

Rail road level crossing ahead

Traffic lights and rail road crossing ahead

Traffic lights out of order

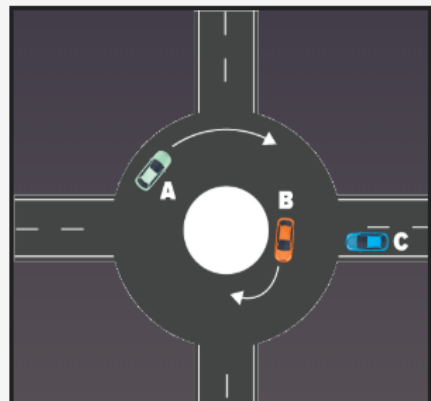

Which cars can move without breaking the law?

Both Car A and B

Car A and Car C

Car B only

At a robot-controlled intersection where you have stopped over the pedestrian crossing lines, what do you do?

Decide to carry on

Reverse the vehicle

Stay where you are

When approaching a narrow bridge, I must pay attention to:

Height restriction

Length restriction

Width restriction

Direction arrows used in conjunction with prohibition lines on a road surface:

Are for information purposes only

Have a regulatory effect

Relate to taxi drivers only

Which is the correct light sequence at a robot?

Amber, Red, Green

Green, Red, Amber

Red, Amber, Green

I should always yield right of way to

All of the above

Ambulance and fire engine sounding a siren

Presidential motorcade

In rural areas where traffic is not controlled, I should give precedence to:

Traffic already in the intersection regardless of which side it is coming from

Traffic approaching from a road on the left.

Traffic approaching from a road on the right.

When approaching a give way sign:

I am obliged to give way to traffic approaching the intersection on my right only

I am obliged to stop before proceeding

I may proceed with caution and without stopping provided there is no other approaching traffic

When facing a red robot with an illuminated straight ahead Green arrow, I may:

Not proceed

Proceed straight ahead

Turn right should I wish

The driver may not park closer to the corner than:

6.5m

7m

All of the above

I must dip my headlights:

When approaching a railway level crossing.

When approaching an urban area

When driving in a well lit area

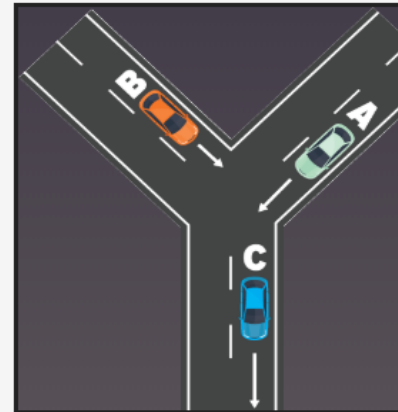

Which car stops?

Car A

Car B

Car C

Which is not the correct robot light sequence?

Amber, Green, Red.

Green, Amber, Red.

Red, Green, Amber

At this sign I would:

Disengage gears.

Proceed with caution and stop if necessary.

Sound my hooter.

At this sign I should:

Give right of way to vehicles from the left

Give right of way to vehicles from the right

Stop, and wait until the road ahead is clear on both sides.

This sign means:

Cross road ahead.

Railway level crossing.

Red Cross station ahead.

This sign indicates that

Both cyclists and pedestrians are prohibited beyond this sign.

Cyclists may not proceed beyond this

Pedestrians find alternative route with their bicycles

A yellow line on the left hand side of the road:

May be crossed to overtake slow traffic.

May be crossed to overtake traffic which is turning to the right.

May not be crossed under any circumstances.

I must take a habit of never setting my vehicle in motion until I have:

Checked for children and animals around.

Checked the petrol.

Checked the rear view mirror.

When travelling at 75km/h I must leave a gap of:

Five vehicle lengths

Four vehicle lengths.

Seven vehicle lengths

I must never change direction until I have:

Flashed my headlamps.

Indicated my intention and ascertained that the road is clear.

Sounded my hooter.

The correct position of a motor cycle on the road is

Left of lane

Middle of lane.

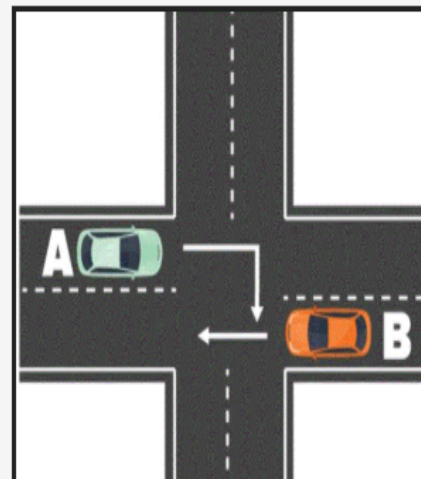

Right of lane

Which car has no right of way?

Car A

Car B

Mercedes Benz

When approaching this sign:

I am being warned the hazard ahead is of a variable nature

I should not worry because it is not one of the known road signs

It is a surprise sign because you have just passed a hazard

Which car has right of way?

Car A

Car B

The fastest

I may dip my head lamps:

For oncoming traffic.

When approaching a hospital.

When approaching a railway level crossing.

I may not overtake:

Near the post office.

On a blind rise.

When travelling on four lane traffic.

This sign indicates, I may:

Expect to find a 'Lay-By' ahead.

Not park my vehicle.

Park my vehicle. ☒

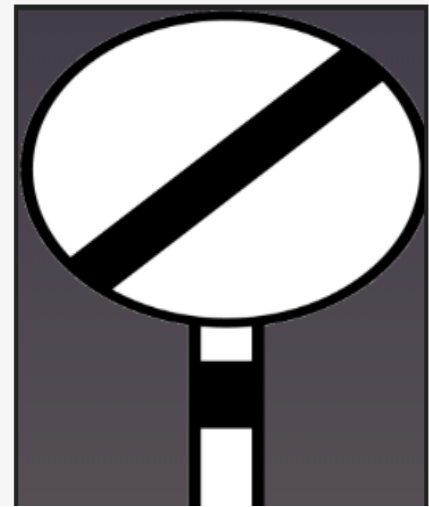

This sign means:

Hospital ahead.

No entry.

Speed de-restriction. ☒

At an uncontrolled intersection, I should give right of way to:

Oncoming traffic.

Traffic approaching from a road on the left.

Traffic approaching from a road on the right. ☒

A person riding a motorbike must wear

Any cap

A crash helmet ☒

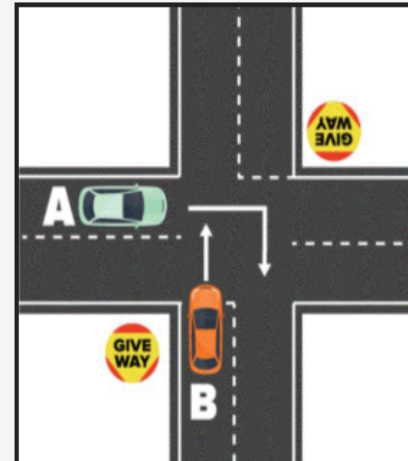

Mine helmet

Which car is not breaking the law?

Car A

Car B

Car C

The general driving rule in Zimbabwe's highway code is

Common sense

Drive on the left beyond yellow line if there is congestion

Drive on the left within your lane

When filling my tank with petrol, I should:

Close the choke.

Engage in reverse gear.

Switch off the engine.

The rider of a motor cycle has right to

Overtake from any side as he or she wishes

Use of a full lane

Weaving in and out where road space permits

When turning right at an intersection, I must :

Give way to oncoming traffic

Give way to persons within the pedestrian crossing.

Hoot.

This sign warns of:

Dual carriageway ahead

One way street

Two way carriageway

You are waiting behind a cyclist at a traffic light. When it changes, you should..

Beep your hooter a drive through before the cyclist does

Try to move before the cyclist does

Allow cyclist room and time to move

When a vehicle starts skidding, I should

Brake harder

Increase speed

Release brakes

How many passengers are allowed to be carried in a vehicle being driven by a learner driver?

No passengers

The instructor and one other

Two

When following a heavy box body goods vehicle, avoid following closely so as.

To avoid thrown litter

To be seen by crossing animals

To allow safe overtaking and to be visible

The reaction distance increases because of ...

Spongy brakes

Old age

Engine speed

At the age of 17 years a person can drive motor vehicles classes of

Agricultural tractors

Heavy vehicles

Light motor vehicles

At night, in well lit areas, drivers should drive with

Headlamps on high beam

Headlamps on low beam

Spot lights on

When towing caravan trailers safest mirrors to use are?

Extended arm side mirrors

Interior wide angle mirrors

Ordinary mirrors

When going down a long descent, keeping clutch down too long can cause

Brake overheating

Car can loose control

More fuel consumption

When overtaking a bike rider in windy weather give more room because

He can be blown off course

He may accelerate

He may not see you

To facilitate easy movement going uphill you have to

Accelerate

Select highest gear

Select lower gear

When meeting a breakdown vehicle flashing its beacon light every driver must

Keep to the extreme left and pass as fast as possible

Pull off the road completely

Slow down and proceed with caution.

Labelling on abnormal load vehicle reads

Abnormal vehicle

Abnormal load

Abnormal size vehicle

Abnormal load vehicles

May not have escort

Must have escort

Must have red flash beacon light

You are going to reverse but you are not sure the area is clear. You should

Assume it is clear and reverse anywhere

Check only the rear view mirrors

Get out of the car and check

What should be remembered when approaching a pedestrian crossing?

Increase speed

Maintain constant speed

Pay special attention to pedestrians

This sign indicates:

Pedal cyclists and pedestrians should yield right of way

Portion of road is set aside for pedestrians and pedal cyclists

Portion of road set aside for motor cyclists and pedestrians

Engine braking effect is felt when you

Select low gear

Select neutral

You apply your handbrake

When stopping a motor vehicle on a road except in traffic, where will you stop?

On the extreme left of the road or in an authorized parking place

On the extreme right of the road

Stop in the middle if it is safe to do so

...to move forward from behind a parked vehicle?

Apply signal

Just check your blind spot

Use all the mirrors, exercise caution and drive off.

You come across stray animals on the road. You ..

Flash your headlights when passing

Sound horn to alert them

Drive past slowly and give them plenty of room

When approaching a traffic light that has been green for long

Accelerate quickly

Be prepared to stop

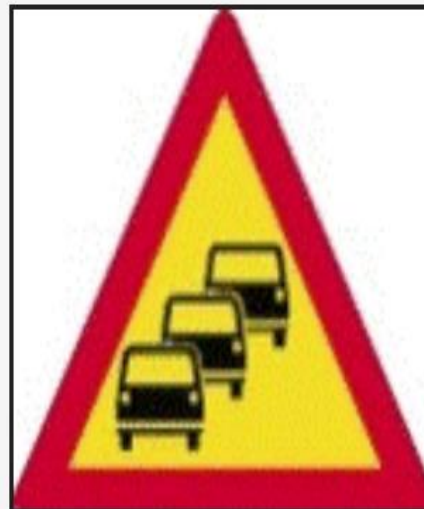

Maintain your speed

This sign warns of:

Many vehicles following behind

A pile up accident

Possibility of congestion on road ahead

When travelling at high speed on a main road, I signal

at least 50m before I turn

at least 100m before I turn

at least 7,5m before I turn

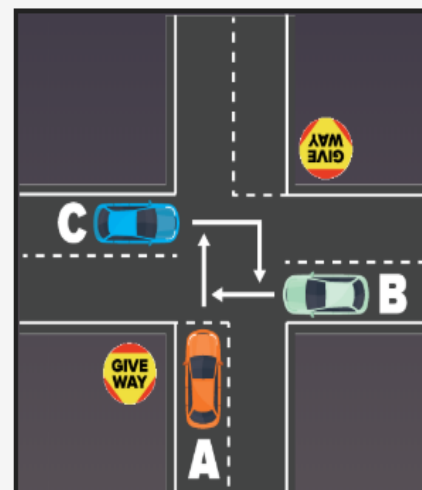

Which car moves last at this intersection?

Car A

Car B

Car C

In case of a rear wheel tyre burst, I

Apply foot brakes immediately

Avoid braking completely and control the steering wheel

Do whatever comes to mind

Animal drawn vehicles must always have

Proper working headlights

Working tail lights

Reins and a leader

On which side must you overtake animals which are being led:

Left hand side

Right hand side

Whichever side is safe

What are the directions given by fixed or flashing amber robot at an intersection?

Give precedence to all cross traffic

Give precedence to all vehicles coming from the right

Give precedence to vehicles coming from the left

Converging lanes means

One lane becoming two

A road off a roundabout

Two lanes becoming one

What are the colours of a private vehicle registration plates?

Red on white background

Black on white background

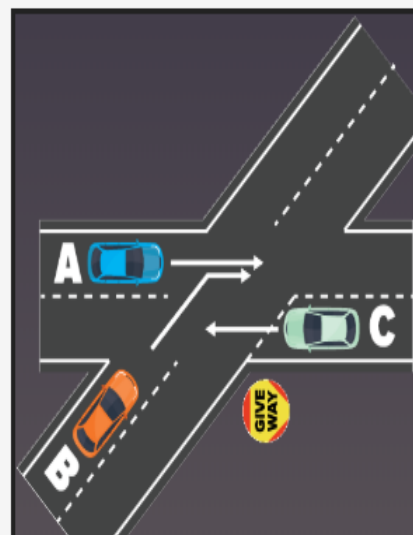

Black on yellow background

Which car goes first?

Car A

Car B

Car C

Hazard perception means

Following directions of police officers

Obeying traffic signals

Reading a traffic situation in advance

Whilst driving when do you take a mobile phone call?

Once you have stopped in a legally permitted place

Whilst travelling in rural areas which do not have much traffic

If you are confident that your ability will not be compromised by the distraction

On approaching a narrow bridge I am allowed to

Overtake slow moving vehicles

Slow down and proceed with caution.

Flash my lights even for oncoming vehicles

Which statement is not true?

All road tests in Zimbabwe are strictly with manual vehicle

Dual footbrake pedals may be required for driving school vehicles

Heavy vehicles must have a net mass of 5000kg and above for road test purpose

The purpose of the parking brake is to

Keep the vehicle stationary

Keep the vehicle stationary on a gradient only

Slow the vehicle down

In rural areas where traffic is not controlled, I should give precedence to:

Traffic already in the intersection regardless of which side it is coming from.

Traffic approaching from the road on the left

Traffic approaching from the road on the right

A 'one way' sign is a

Danger sign

Warning sign

Command sign

All vehicles shall have

Either red or white reflectors in front

Red reflectors in front

White reflectors in front

Which statement is true?

All motorists must be courteous to the old, disabled and children when using the roads

Pedestrians enjoy right of way only at a pedestrian crossing

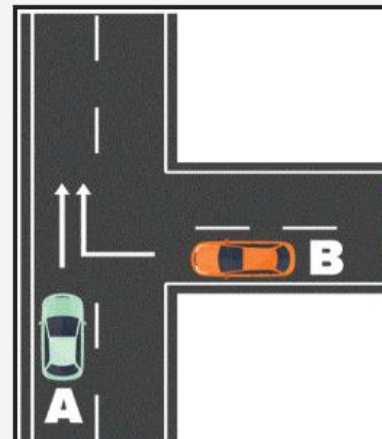

A person pushing a wheelbarrow is a motorist

Which car stops?

Car A

Car B

Car C

At a rail level crossing with open booms a heavy vehicle driver should

Quickly cross the railway

Stop and look to the right

Stop, look both sides and cross when safe

When in a straight ahead lane at an intersection I am not allowed to:

Turn at all

Turn without checking blind spots

Turn without indicating

When driving a motor vehicle at 06.00am the vehicle must have its headlights lit.

Depends on day light

No

Yes

In which of the following situations should you never overtake cyclists?

When approaching right hand bend

Immediately before making a left turn

On approach to a round about

A car sun visor provides a shield against

Sun glare

Street lights

Rain

Fog lights are to be used

At night

In dusty areas only

In heavy mist

A speed restriction sign means:

Do not exceed the stated speed

Drive below the stated speed

Watch out for the police

At this sign I must?

1. ☐ Stay off the road
2. ☐ Reduce speed and exercise caution
3. ☐ Engage in lower gear

Double continuous lines on my right side means I ....

1. ☐ may not straddle to the left.
2. ☐ may straddle only when overtaking slow moving traffic.
3. ☐ may not straddle if safe.

This sign warn us of.....

1. ☐ Stop or Giveway sign ahead.
2. ☐ Rail level crossing ahead.
3. ☐ Cross road ahead.

This sign means?

1. ☐ Road closed.
2. ☐ No U-turning in this road.
3. ☐ Neither A nor B is correct.

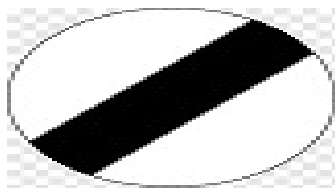

This sign means?

- 1. ☐ One way traffic ahead
- 2. ☐ I may not overtake
- 3. ☐ I may overtake

At a bridge you must travel at.....

- 1. ☐ a safe speed.
- 2. ☐ 40-60km/hr.
- 3. ☐ 60km/hr.

This sign is.....

- 1. ☐ an informative sign
- 2. ☐ a carriage marking
- 3. ☐ a regulatory sign

This sign means?

- 1. ☐ Height restriction
- 2. ☐ Width restriction
- 3. ☐ Only vehicles with 2.4m height allowed

# 21 Points to remember

1. The maximum age at which one can apply for a learners licence in class 3 and 4 is 16 years.
2. To apply for Drivers licence in class 2 and 5 you must have reached the age of 18 years.
3. To drive a public vehicle you must have reached the age of 25 years.
4. Before any vehicle can be used on road it must have an **INSURANCE, REGISTRATION BOOK, and VEHICLE LICENCE.**
5. Drivers should never turn right in front of oncoming traffic
6. Give the right of way to the vehicle approaching from your right.
7. In rural areas give way to traffic that enter the intersection before you.
8. Maximum speed limit in Zimbabwe is **120 km/hour** for light vehicles and **80 km/hour** for heavy vehicles.
9. At a fixed flashing amber light always give way to traffic approaching from the right.
10. When turning left or right at a light controlled intersection give way to crossing pedestrians.
11. An accident should be reported to the police within 24 hours.
12. The maximum speed limit in urban areas is **60km/hour.**
13. Steering wheel free play should not exceed **45 degrees.**
14. Always give the right of way to state motorcade, ambulance, fire engine and police.
15. D.D.C is valid for 4 years.
16. Provisional is valid for 12 months.
17. A certificate of competence is valid for 12 months.
18. Direction arrows used in conjunction with prohibited lines have a regulatory effect.
19. At a STOP sign you must stop and proceed if the road is clear on both sides.
20. At a give way sign you are not required to stop but reduce speed and proceed if the road is clear.
21. The highway code interprets the law but don't use it when arguing with Police officers since it is not a source of Law.

## WHICH CAR HAS THE RIGHT OF WAY AND WHERE

If you are driving in an urban area you should always give right of way to traffic approaching from the right side, a stop or Give way sign or if being controlled by a policeman. At a roundabout, give way to cars already circulating in the roundabout.

In rural areas, you should give right of way to traffic that enters the intersection before you. If you meet an animal drawn wagon in a rural area you should overtake the wagon by whichever side is safe to do so. When you are approaching a major road from a minor one, give right of way to traffic approaching from either the right or left side of the major road. If you hear a siren of a fire engine, ambulance or state motorcade in which ever situation or area you are travelling move from the driveway to the extreme left side of your road and stop your vehicle until the preceding vehicle(s) have passed.

## **CYCLISTS AND MOTOR CYCLIST**

Cyclists should ride their bicycles in a single file rather than 1 to 2 abreast. If there is a cycle track the cyclist should pursue this track. A motor cyclist should always wear a crash helmet as he/she is travelling on the road. If the motor cycle has to carry a passenger, a proper pillion seat, foot rests for the passenger together with the passenger's crash helmet must be provided.

## **HEAVY VEHICLE**

A heavy vehicle is vehicle exceeding 2300kgs net mass. A heavy vehicle towing trailers safety chains must be fitted to the trailers. The heavy vehicle should pull not more than 3 trailers. A red reflective triangular sign must be placed at a distance of 30 to 50 meters behind a heavy vehicle that has broken down.

## **SPEED**

The general speed limit in urban areas is 60km/hr.

A de-restricting sign indicates that the previously imposed speed limit has been cancelled

## **OVERTAKING**

Do not overtake just for the sake of doing so. If there is a good reason firstly signal your intention to do so and overtake only from the right unless the driver ahead of you has signaled to turn to the right. If you approach an animal- drawn wagon you would overtake the wagon by whichever side is safe to do so.

## **STEERING WHEEL, HOOTER AND SEAT BELTS**

- 1) A steering wheel must have not more than 45 degrees of free play
- 2) A hooter is a necessity but use it only in emergency for the safety of the public.
- 3) Safety belts are compulsory to all cars registered
